

## I'm not vaccinated because ...

While world leaders are trying to vaccinate the entire population on the planet, I have decided not to take the shot. My decision is not based on fear or ignorance. To the contrary, it is based upon overwhelming scientific evidence supported by many experts, professionals and peer-reviewed studies.

We have been told to “trust the science,” as if all science is agreed on a vaccination cure for the COVID-19 declared pandemic. That is a great mistake. It is important to understand that there is great disagreement in the scientific community concerning the existence, origin and danger of the virus associated with the COVID-19 disease, as well as effective preventative measures and cures.

A vaccine has been promoted as the “final solution” to the COVID-19 pandemic, but the facts reveal otherwise.

So, I will not receive any injection into my body, and here are just some of the reasons why I'm not vaccinated:

- Many of the vaccines use mRNA technology and are vastly different from traditional vaccines. They really should not even be called vaccines, because they actually program your body to do certain things. Do you know what they program the body to do? The COVID-19 injections are actually a genetically modifying tool.
- There is no medical necessity for these vaccines, and the shots actually have little to no efficacy. Despite what you hear, none of the shots protect you or prevent you from catching the virus and getting sick. They claim to minimize the effects of COVID-19, but they are actually turning the vaccinated people into spike protein factories. The vaccinated are actually shedding the spike proteins that are the harmful part of the virus.
- The vaccines were declared to be safe and effective almost immediately after they were created. This is not realistic, or even possible, since no one knows the long-term side effects.
- If the vaccines are so safe and effective, why are the pro-vaccine media outlets actively censoring any negative information about them? The campaign to suppress information regarding vaccine injuries or deaths is highly suspect.
- In fact, the shots are dangerous! All of the current COVID-19 vaccines are untested and in Emergency Use Authorization only. They have many different side effects. The full extent of their long-term side effects is unknown, and the short-term side effects have been devastating to some, including death.
- The potential dangers of the vaccines FAR outweigh the risk associated with COVID-19. The COVID-19 “disease” has a similar impact as the common flu. To call this a pandemic is irresponsible and misleading, since the survival rate from COVID-19 is generally around 98% to 99%. Without the mask mandates and lockdowns, there never would have been any sign of a pandemic to society at large. This has, in large part, been a manufactured pandemic with a specific goal in mind from the onset – worldwide vaccination.
- If the vaccines were so safe and effective, why are they trying to force everyone to take them? The vaccinated should be protected, which is not the case.
- The reason the unvaccinated are not being protected is because introducing a vaccine in the midst of a pandemic is a tragic mistake according to leading experts. It will result in antibody

enhancement dependence for the vaccinated, and will weaken their immune systems. The vaccinated will end up producing dangerous variants as we are already witnessing. It is not the unvaccinated who are a danger to society, but rather the vaccinated! While healthy unvaccinated people are not a danger to anyone, vaccinated people will be producing and shedding dangerous spike proteins and virus variants.

- I don't know the ingredients in the so-called vaccines ... do you? Because these vaccines are in Emergency Use Authorization, the manufacturers do not need to disclose the ingredients. I would never knowingly inject something into my body if I don't know what it is. Am I supposed to blindly trust the vaccine manufacturers who have been given total immunity for any harm that the injections might cause? Why would anyone do such a thing or compel another to do it?

- In fact, I have every reason to dis-trust the makers of the vaccines. Moderna has never manufactured a vaccine before, while Pfizer has been criminally convicted in the past. Imagine that! A corporation with a criminal history making these vaccines. Johnson & Johnson was recently fined \$572 million dollars for their role in the opioid epidemic that is destroying the United States. These vaccine companies are not the saviors of the world. To the contrary, they are novices, criminals and drug pushers motivated by profits – and make no mistake, people are getting rich off of this pandemic narrative. So why would I trust them? Why would I support them? And why would I put anything in my body made by them - at “warp speed” no less? Why would anyone? It is simply ludicrous.

- Whether or not I get vaccinated has no effect on other people's health, so people really don't need to worry about what I do. If they have taken the vaccine then, they are apparently “protected” - whatever that means. What I do with my body is my business. My body - my choice! Isn't that what the abortion advocates state?

- Healthy people are not a threat to anyone. I'm healthy. I'm not sick. I'm not infected or contagious. I am not a threat to anyone, and I am not killing anyone because I am not vaccinated. That is a foolish and manipulative lie.

- I have a brain and think for myself. That is my right. I refuse to be manipulated by corrupt politicians, scientists and corporations.

- I have access to vitamins and Ivermectin that work better than any of the untested vaccines, with no side effects. I'll stick to what works and is proven safe. I don't need a vaccine and I don't want a vaccine.

- Finally, I'm not vaccinated because I don't trust the narrative being pushed by some select conflicted, corrupted and downright evil individuals and organizations with an agenda known as The Great Reset. They include, among others:

**The Chinese Communist Party (CCP)** is the source of the virus and the world leader in population control and human oppression. It has the goal of dominating the entire world. In fact, Xi Jinping sees that as his personal destiny.

**The World Health Organization (WHO)** led by former terrorist Tedros Adhanom is highly influenced by the CCP. As a part of the United Nations, it is working to accomplish Agenda 2030, a key component of the Great Reset and control system designed to enslave the world populace.

**The National Institute of Health (NIH)** is not a neutral government agency looking after the health of the American people, but rather a revolving door with the vaccine industry and a conduit for moving money to places like Wuhan, China.

The head of the NIH, **Anthony Fauci** actually helped fund the virus creation and then attempted to cover-up how it was released upon the world. He profits from the patents of diseases and vaccines. This man has a serious conflict of interest and no one should listen to his advice. He should be behind bars.

**Bill Gates**, the billionaire Eugenicist who advocates population reduction and promotes vaccines as “the final solution” actually makes billions of dollars in profits from vaccines, and now COVID-19 testing.

**The World Economic Forum (WEF)** and **Klaus Schwab**, the architects of the Great Reset, promote an agenda that seeks to impose the New World Order upon humanity, which is a combination of Corporate Fascism and Communist doctrines.

**The Corporate Media** and **Social Media platforms** such as **Google**, **Facebook** and **Twitter** are actively monitoring, suppressing and censoring truth while promoting the agenda of the Great Reset and the New World Order.

**Tyrannical Government officials** who are oppressing people and breaking them down through illegal tactics such as lockdowns, social distancing, mask mandates, vaccine passports and forced vaccinations. They are setting the stage for the New World Order. Groups such as **ANTIFA** and **Black Lives Matter (BLM)** that are attempting to divide people through racial conflict in order to destroy the fabric of society, thus setting the stage for tyranny to thrive. When people are divided against each other, they are easier to control and manipulate.

There are many others. Their tactics may differ, but their objective is the same – destroy personal liberty and individual freedom by herding humanity into the world collective.

We are living in a time when fear and emotions rule the day. I refuse to succumb to the lies, the fear and the coercion, and I refuse to put my health and the health of my family in jeopardy to support a lie that is proving unimaginably profitable for the perpetrators of this charade.

The bottom line is that the SARS-Cov-2 virus strain has been proven to be about as deadly as a seasonal flu, yet deaths have been erroneously attributed to COVID-19 in order to keep the numbers high, and the narrative of a pandemic alive. The fudging and inflating of numbers has been proven. So, they are actively promoting a pandemic. But why?

There are many simple and inexpensive known prophylactic treatments that are highly effective and very safe that have been suppressed and ignored by those controlling the narrative and advancing the agenda of the pandemic.

Even certain vitamins and nutrients that support the body’s defenses have been overlooked, and from the very beginning, the only focus and acceptable solution was the vaccine.

The vaccine is the exclusive goal of all of these people and organizations.

Well, I don’t trust them and I don’t trust their final solution – the vaccine.

The bottom line is that this entire pandemic has been rehearsed, and now the plan has been implemented on a gullible and fearful populace that has made the awful mistake of trusting the very people who want to enslave and kill them.

There is only One that I trust for my freedom, my safety, my health and my peace - the Creator of all things Whose Name has been suppressed and hidden behind titles and labels like God and the LORD. Here is how the Name appears in ancient Hebrew - **אֱלֹהִים**.

Just as cures to this pandemic have been hidden from most people, the ultimate solution to man's condition has been hidden as well. Do you see a pattern? I hope so.

The most important reason why I won't take the vaccine is because I believe the Scriptures.

If you have no regard for the Creator or the Scriptures, then this reason will likely seem foolish to you, but the Scriptures tell us that man was made in the image of our Creator YHWH (אֱלֹהִים).

That image is the blueprint built into our DNA. Our DNA distinguishes us from all other species.

In the quest for longevity and immortality, science is willing to tamper with that blueprint and toy with the mechanics of Creation, which is a dangerous and destructive path. We have already seen the terrible results of Genetically Modified Food (GMO). Now they want to genetically modify humans, and these new COVID-19 vaccines are just the beginning.

Our Creator gave us all a powerful immune system - a built-in defense system that we simply need to support through good food, nutrition and sleep.

In fact, He tells us that He will keep us safe and healthy if we obey His Commandments.

*“If you diligently heed the voice of YHWH your God and do what is right in His sight, give ear to His commandments and keep all His statutes, I will put none of the diseases on you which I have brought on the Egyptians. For I am YHWH Who heals you.”*

Exodus 15:26

He can heal ALL your diseases!

*“Bless YHWH, O my soul, and forget not all His benefits:  
Who forgives all your iniquities, Who heals all your diseases.”*

Psalms 103:2-3

The Scriptures describe that the life of the flesh is in the blood. (see Leviticus 17:11) That is why we are not supposed to consume blood. Likewise, we should keep our own blood pure and undefiled - like a Temple.

Injecting unknown synthetic ingredients into your body is not a recipe for good health. When you inject a foreign substance into you, that is intended to “program” your body to manufacture a spike protein, you start a chain reaction that may not stop. In other words, there may not be an “off button” for these injections.

This world-wide vaccine experiment has opened a “Pandora's Box” that cannot be closed.

We all have a choice to make. Do we trust in men and organizations with suspect intentions, or do we trust in Our Creator?

*“Blessed is the man who trusts in YHWH,  
and whose hope is in YHWH.”*

Jeremiah 17:7

I choose to trust YHWH. What about you? Who do you trust?
